

~~DDTE~~  
DTE

STAT

[redacted] called on 14 April and asked that I pass the following information to DTE.

STAT

a. Being very interested in language training, Hugel comes up with "out-of-the-blue" ideas that he wishes to pass on to DTE and [redacted]. One is that Hugel believes we should beef up the Interagency Language Round Table and get that group to work externally with the Department of Education, maybe even to the point of suggesting that the Government subsidize language training in colleges. (Marie's off-the-record comment to me was that this is totally against the Reagan economic plan, but this is Hugel's suggestion.)

b. DDCI has written a 13 April letter to the Director, OMB re funding for language training. O/DDA has not yet seen it, but Marie will get a copy and send it on to us.

STAT

c. Hugel will want to get together with the DTE and [redacted] more than once about these language matters as he "really wants to do this up right." A revised ExCom schedule is attached. Marie said that as soon as [redacted] draft is ready, Hugel will want to take a look at it and then get together with DTE and [redacted]. Marie also commented that she has a copy of [redacted] task force report. (At this point Marie commented that it was her understanding that the DTE did not know whether he, DTE, was to be involved in all this language business -- but Hugel definitely wants the DTE to be involved.)

d. Hugel would like to look at the current curriculum for CTs. <sup>on training</sup>
